Enterprise and
Entrepreneurship

SFEDI[®] AWARDS THE AWARDING ORGANISATION
FOR ENTERPRISE

BUSINESS START UP

Making the decision to start your own business can be a scary one and involves taking a leap of faith into sometimes the unknown and knowledge and skills development and enterprise support are vital elements of ensuring a business starts successfully.

SFEDI Awards has long offered qualifications in order to not only support the development of enterprise and entrepreneurial knowledge and skills but also provide individuals with learning programmes showing them how to best plan for and carry out the steps needed to start up a business.

With our Business Start Up qualifications, individuals can learn about what it takes to run a business and consider whether it is the right thing for them before investing their time, money and emotions.

They also help to demonstrate how to complete those important tasks such as business planning, financial forecasting and developing marketing and sales strategies.
