

THE REGULATED QUALIFICATIONS FRAMEWORK

The Regulated Qualifications Framework (RQF) provides a single and easy to use system for regulated qualifications administered by Ofqual.

A simple categorisation system using a qualification's level and size allows both training organisations and learners to choose the most appropriate qualification to meet their needs.

These handy explanations can help you to navigate your way through SFEDI Awards qualifications within the RQF

Qualification Level

The level of a qualification relates to the complexity and difficulty associated with the development of the knowledge and skills of a particular subject .

Qualification levels start at Entry Level and then progress from Level 1 through to Level 8

Qualification Size

The size of a qualification is an indication of the total amount of time a qualification will take to complete indicated using the term Total Qualification Time (TQT)

Qualification sizes are expressed using the terms Award, Certificate or Diploma
